A Note of Thanks from the Building Fundraising and Facilities Committees:

Those charged with planning the building renovation and raising the required funds to execute the project would like to thank the congregation for their tremendous support over the past couple of years as we worked through all the steps to get to where we are!

We set out to raise \$250,000 through conversations with members of our church family, and we have done exactly that. Thank you! We are waiting to hear about a grant application and have other stones to turn, but our hope is to minimize any mortgage necessary. Anyone interested in contributing further is invited to have a conversation with any committee member or make a gift online, with a cheque or PAR pledge. Again, we thank you for your generosity.

The Facilities Committee has prepared a **virtual tour of the renovation** and it is available to watch on the website. It's time to see the many years of dreaming and planning start to come together!
